Abdullah Faisal Alsehli

Artificial Intelligence Specialist

abdullahalsehli7@gmail.com +966 54 512 3413 Abdullah Alsehli

SUMMARY

Artificial Intelligence engineer with hands-on experience in machine learning, deep learning, computer vision, and AI-powered application development. Skilled in building intelligent solutions using Python and modern AI frameworks, with a strong interest in developing practical AI applications.

EXPERIENCE

Cooperative Training Trainee (Artificial Intelligence) 06/2026 – 12/2026
Saudi Data & AI Authority (SDAIA) – UNESCO, International Center for AI Research and Ethics
• Developed 3 AI-powered features to streamline workflows and enhance the user experience.
• Designed 3 interactive dashboard components and collaborated with a 5-member team to test and deliver 4 data-driven features.

PROJECTS

Nexus AIoT – Smart Environment System (Graduation Project)
Developed an AI-powered smart home system using OpenCV and MediaPipe, recognizing **10 hand gestures** to control **7 smart devices** in real time.

Pneumonia Detection Model
Built a transfer learning model using MobileNetV2, achieving **81.57% test accuracy** across **624 chest X-ray images**.

Asthma Prediction Model
Built a neural network model with preprocessing pipeline to predict asthma diagnosis from patient data.

CookFinder – AI Ingredient Detection & Recipe Recommendation
Built a YOLO11n ingredient detection and recipe recommendation system, achieving 72% mAP@0.5 and <50 ms inference.

CERTIFICATIONS

- OCI AI Foundations Associate – Oracle
- Data Collection and Processing with Python – University of Michigan (Coursera)
- Fundamentals of Artificial Intelligence – SDAIA
- SQL 101, 102, 103 – Satr Platform
- Introduction to Data Science in Python – University of Michigan (Coursera)
- Artificial Intelligence Concepts and Advanced Applications – SDAIA
- EYOUTH Learning Plan Completion – IBM SkillsBuild

SKILLS

Languages
Python, Java, SQL, JavaScript

Technical Skills
Data Cleaning & Preprocessing, Exploratory Data Analysis (EDA), Data Analysis, Machine Learning, Neural Networks, Model Development & Evaluation, Web Development

Tools
Pandas, NumPy, Scikit-learn, PyTorch, TensorFlow, VS Code, SQL Workbench, Microsoft Excel

Soft Skills
Leadership, Problem Solving, Communication, Teamwork

EDUCATION

Bachelor of Artificial Intelligence (Final Year) Makkah, Saudi Arabia
Umm Al-Qura University
GPA: 3.86/4.0

LANGUAGES

Arabic
Native

English
Excellent
